Subject Re: Draft response to OA letters and emails

Looks good, a couple suggested changes. Could we provide a link to the 11/15/10 memorandum? Why don't you share this with Marianne Holsman and let her know it is what we are planning to use to respond to the 2 CMS's we have.

Bussell committed to Melissa that we would share a draft of our response for her to see. I will do that with this version.

thanks

Marianne - Both these look to be more of the 19,000 that came in via email. Let us know how you want to proceed. Thanks

FYI, here are the handouts Ecology distributed last night at the Public Hearing on their WQ assessment program modifications. While they were prepared for a large turnout only two people showed up for the Hearing, both from local government agencies.

We'll have these three documents as handouts tonight. Thought you might like to see them.
